## INTRODUCTION

Hamelin–Laie’s extracurricular activities are a good complement to a student’s education. The school offers an extensive program to provide each student with a variety of activities that suit their interests.

When choosing an activity, it is important to take your child’s preference into consideration so that they see it through to the end of the term.

In this document you will find information about each activity, fees and the corresponding timetable.

We have several new activities this year. You will also find activities for adults.

## REGISTRATION

1. Start date: the activities start on 4<sup>th</sup> October 2021. You can register on the Clickedu platform. Children who are not students at Hamelin-Laie can send an email to the activity coordinator to register.
2. The registration period ends on 24<sup>th</sup> September.
3. The week of 27<sup>th</sup> September you will receive a registration confirmation for the extracurricular activity. If you registered for an activity and later decide to withdraw, please contact the corresponding coordinator.
4. Late registrations will be processed after 27<sup>th</sup> September.
5. A minimum of 6 students is needed for group activities. If the minimum number of students is not reached, the activity will be cancelled. Some activities have a maximum number of students that can enroll. If the group is full, a wait list will be created.
